

Logging in to Moodle and registration for the Moodle courses

1. Go to <http://oamk.fi/moodle/>.
2. Select “Kirjaudu / Login”.

3. Type your username in the “Username” field. Please, note! You log in to Moodle with your username only, not with your e-mail address (type your 8-character username in the “Username” field and leave the rest of the e-mail address (@students.oamk.fi) out).
4. Type your password in the “Password” field and select “Login”.

Moodle is the University of Oulu's learning management system

5. You are now logged in to Moodle and are redirected to the Moodle's My courses page where you will see all the courses for which you have registered. If you are a new student and have not yet registered for any course in Moodle, you will not see any courses on this page.

6. To search for courses, select "Browse all courses" in the upper right corner.
7. The browse view is the most convenient way to find the courses you are looking for. You can search for a course by the course name, by part of the course name, or by the course code. Type your search word, eg. "Digital Starter Package" In the "Search courses" field and select "Go".
8. You can join some courses directly by self-registration. However, for many courses you can only join with an enrolment key you receive from your teacher or instructor.
9. In the "Browse All Courses" view, you can also browse courses. First select the "Oamk" category and below it the desired subcategory, eg. "Oamk, perustutkinnot / Oamk, Bachelor's degrees".

- When you have found the course that you were looking for, either by a keyword or by browsing, select it by pressing the left mouse button on the course name. You can register for the course either without or with the enrolment key (depending on whether the teacher has set the key or not).
- If no enrolment key is required to register for the course, just select “Enrol me” and you will be notified “You are enrolled in the course” and you can start studying the course.
